

Miss Kelly's Class: Parent Information 2023-2024

Gifted Services: The Gifted curriculum is a differentiated curriculum, based on gifted learners' special abilities and needs. In our classes, we focus on gaining exposure and experience in key areas including Problem Solving, Research/Information Management, Questioning, Goal Setting, Teamwork/Leadership, Communication, Production/Presentation, Cognition Training (critical & creative thinking), Personal Growth, and Independent Learning. As always, I ask that we refer to our class as "Miss Kelly's Class" rather than calling it "Gifted Class", both at home and at school.

Schedule: **Miss Kelly's classes will start the week of Aug. 21!**

Please note that, during state and district testing windows, ESE schedules are subject to change. I always do my best to still meet with my students, but it may not be our usual days/times.

Grade Level	Day	Time
5 th Grade	Tuesdays	9:00 - 12:45 (Specials 10:15-11:00)

Throughout the school year, we will work on many research tasks & projects which require internet access. We would also like to use photos from class in projects. If you are comfortable with it, please approve the media/photo/video waiver. *(Most of our images are of the back of students' heads, group shots, or images where the learning activities, rather than individuals, are the focus of the image. Students are not identified by last name in our images.)*
