

Orchestra Instrument Selection Form

We have finished our instrument “Petting Zoo”. All students have had an opportunity to try out each of the 4 instruments. Each student should be drawn to an instrument, this letter/form will help me to set up the instrumentation for our orchestra 1 students. For our size class we are looking for 14 Violins, 6 Violas, 4 Cellos, and 2 Basses. The above instrumentation is not set in stone, there is some wiggle room in the numbers where we can still create a balanced sound.

Please return this form on Thursday, August 24, **BEFORE 1ST PERIOD**. If your child already owns or rents an instrument please indicate that next to your first choice. Please note that your child may not receive his or her first choice of instrument. Preference will be given on a “first come first served” basis depending upon student interest and instrumentation needs of the orchestra. If all forms are in on time the students will know their instrument by Friday, August 25.

When renting your child’s instrument, be certain to purchase the “Essential Elements” Book 1. It is also recommended that you take part of any insurance or repair programs offered by your music dealer. If you have any questions, please call 249-6420 x5034228, or email keith.nichols@ocps.net. It is my goal to have our first playing day of the year on August 29th. Please try & have your instrument rented by then. PLEASE refer to the list of approved vendors below. I STRONGLY recommend against buying an instrument online. There are MANY more poor quality instruments than good quality out there. I always HIGHLY recommend renting from one of our vendors. Please consult me before venturing off the approved vendor list.

Please make your selections from the following list of instruments: Violin, Viola, Cello, Bass.

1st Choice _____

2nd Choice _____

Student’s Name _____
(please print)
