

Homework Fluency Practice Calendar

What We Are Learning this Month:

Reading: Understanding parts of Text, Text and Graphic Features, Comparing Events and Characters Rhyming Words, Beginning Sounds, ALL Letter names and sounds. Sight words 26-50 (students should already know sight words 1-25).

Writing: Opinion writing using informational texts, Narrative writing using literature. Use a combination of drawing, dictating, and writing to narrate events. Narrate a single event or several loosely linked events. Tell about the events in order. Provide a reaction to what happened. Letters correctly written on a line, spacing, capital letters and end punctuation.

Language Arts: Print many uppercase and lowercase letters. Use frequently occurring nouns and verbs. Produce and expand complete sentences in shared language activities. Write a letter or letters for most consonant and short-vowel sounds (phonemes). Spell simple words phonetically, drawing on knowledge of sound-letter relationships.

Math: Compare numbers 1-10 (more, less, same, equal), Identify whether the number of objects in one group is greater than, less than, or equal to the number of objects in another group, e.g., by using matching and counting strategies. **Count in Sequence 11-20** (Verbally count to 20 by ones starting at 11, Verbally count to 20 by tens starting at 0) Count forward beginning from a given number within 11-20 (instead of having to begin at 1). Read and write numerals from 0 to 20. Represent a number of objects with a written numeral 0 - 20 (with 0 representing a count of no objects).

Science: Big Idea 10: Forms of Energy: Observe that things that make sound vibrate. This standard calls for students to explain how certain instruments make sounds when their strings are moving, to describe how audio equipment, such as speakers, feel when sound is coming through it and to describe how small sounds & big sounds both work through vibration. **Big Idea 12: Motion of Objects** Students describe the speed at which things move, including, but not limited to, fast and slow; describe the methods by which things move, including, but not limited to, walking, running, rolling, swimming, flying, etc. and students list ways in which their own bodies move, including, but not limited to, walking, skipping, jumping, hopping, and galloping.

Social Studies: Seasons and Weather: Describe & give examples of seasonal weather changes and illustrate how weather affects people and the environment. **The World in Spatial Terms; Places and Regions:** Describe maps and globes and how both are used; Identify cardinal directions (north, south, east, & west); Know one's own phone number, street address, city, or town and that Florida is the state in which the student lives.

Computers: PLEASE use i-Ready Reading and i-Ready Math at home as well as in school.
