

# MATH, ARTS, SCIENCE ACHIEVEMENT CENTER

## for High Achieving and Talented Youth

MASA is a program that provides opportunities for high achieving and gifted students to be in a comfortable and safe environment with like-minded peers to; comprehend, apply, explore, analyze, discover, and evaluate concepts while motivating one another. The organization provides an environment where high achieving and gifted students can challenge themselves and exercise their critical thinking skills by using higher order thinking. MASA nurtures the unique needs of every student while encouraging the development of our future scientists, mathematicians, writers, and thinkers to delve deeper and reach their true potential. Our programs offer students challenging educational opportunities through hands on activities and inquiry based instruction that allow them to develop their intellect, use higher cognitive skills to create and to invent.
