Marching Band-The Sound of the Braves Marching Band occurs during the fall semester at Boone High School. While the Marching band practices after school, students are required to be enrolled in a band course to participate. Colorguard trains performers in flags, rifles, and dance techniques. This group rehearses weekly from December-March, attending regular competitions. Students are required to be enrolled in guard/eurythmics class.

Can I do band and play sports?

You most certainly can. Granted, it teaches you how to juggle your time wisely, but it can be done. In the past, we have had soccer players, softball players, swimmers, wrestlers, baseball players, football players, runners, tennis players, and basketball players in the Boone Band.

What if I want to be in Band, but not do marching band?

In Orange County, this is not really an option. MOST students who TRY marching band, end up enjoying it. It is a great way to build positive life-long friendships, while creating music. From an educational perspective, students learn to create a visual production and understand the importance of team work and cooperation, while working to refine and develop musicianship.

I have been told I cannot be enrolled in band every semester and still graduate on time or with honors, what now?

Even I have heard this one before. It is ENTIRELY untrue. Some of the brightest students at Boone are enrolled in the band program...and participate every semester. To participate in band every semester, one must simply plan ahead. BAND is for everyone and can be something you can do for your entire life.

Can I do Magnet and Band?

Yes, you can. We have quite a few magnet students who are very active in all parts of band. Students are members of our percussion section, color guard, and winds.
